Dear Mr. Bušina,

I received the five copies of the „Human Resource Management in the Building Industry” for which I thank you very much.

I handed over the books to our library , so it is now accessible for both the colleagues and students. I am convinced that it is useful and interesting professional literature, matching our education field.

Let me congratulate you for the book and express again our thanks for the volumes!

Yours sincerely,

Budapest, 28 May, 2014
